Debatable Motions

Motion 4 by Ms. Dubé, seconded by Ms. Wilson to propose the following resolution on Thursday, December 10, 2015:

WHEREAS the government has been conducting an endless attack on rural New Brunswick by reducing and eliminating services to regions which are already disadvantaged by distance, opportunity for employment, and access to government;

WHEREAS these rural attacks include closures of schools, Service New Brunswick offices, library services, and court houses;

WHEREAS a Health Authority has also announced plans to reduce the number of hospital beds in their network by nearly 20%;

WHEREAS a Health Authority has also suggested that rural hospitals could be repurposed to become senior care centers;

WHEREAS the former Progressive Conservative government was implementing a plan to find efficiencies in the health care system without any reduction in the number of hospital beds;

WHEREAS the government has provided no evidence to prove that these reduction in service points are necessary or that they will improve services for New Brunswickers;

BE IT THEREFORE RESOLVED THAT this Assembly not support the plan to reduce the number of hospital beds;

BE IT FURTHER RESOLVED THAT the government be urged to conduct public consultations with the communities that will be affected by the proposed service point closures in an effort to find efficiencies without reducing services, especially in rural regions.

[Debate interrupted due to expiration of time.]

Motion 6 by Mr. Stewart, seconded by Ms. Lynch to propose the following resolution on Thursday, December 10, 2015:

WHEREAS New Brunswick is Canada's only officially bilingual province;

WHEREAS access to second language training is limited or non-existent in many communities across the province, which impedes mutual understanding and access to opportunities;

WHEREAS access to French immersion education programming is limited or non-existent in many schools across the province;

WHEREAS the government's ability to continue to provide a high quality of services to citizens in both official languages may be affected by a lack of investment in second language training and education;

WHEREAS there are best practices in other jurisdictions, as well as new technology, which could be explored to address the gap in investment in second language training and education;

BE IT THEREFORE RESOLVED THAT this Assembly urges the government to examine the issue of second language education and training, and report back to this Assembly with a plan to enhance opportunities for New Brunswickers to improve their skills in communicating in both official languages.
