Mr. Higgs gave Notice of Motion 8 that on Thursday, December 8, 2016, he would move the following resolution, seconded by Mr. Crossman:

WHEREAS the recent assessment results indicate that the majority of Grade 12 students, who started in the Grade 1 Immersion program, have utterly failed to meet expected outcomes; and

WHEREAS those assessment results indicate that not even 42% of those tested met or exceeded the Advanced Proficiency level, when the provincial target was 85%; and

WHEREAS those assessment results indicate that a large percentage of the students who started the Grade 1 Immersion program either dropped out of the program or no longer met the program definition by the time they reached Grade 12; and

WHEREAS a number of those Grade 12 students who dropped out of the program or failed to meet the definition under Policy 309 took the assessment test anyway – but that these results are not publicly reported; and

WHEREAS the Gallant government made a political promise during the last election campaign to reinstate the Grade 1 French Immersion despite these completely dismal assessment results and without having any evidence concerning the new Grade 3 Program;

BE IT THEREFORE RESOLVED THAT this Assembly urges the government to put a moratorium on reinstating the Grade 1 French Immersion program; and

BE IT FURTHER RESOLVED THAT this Assembly urges the government to release their transition plan to reinstate Grade 1 French Immersion program so that parents, teachers, administrators, and students can judge whether the plan addresses the serious failings of the original Grade 1 program.

WHEREAS the Select Committee on Climate Change worked diligently to consult with New Brunswickers, stakeholder groups, and experts, on developing a plan to address climate change; and

WHEREAS the Committee made a recommendation to “Develop a made-in-New Brunswick carbon pricing mechanism, as opposed to having one imposed on New Brunswickers by the federal government”; and

WHEREAS the Committee recommended this mechanism be conditional upon:

- a. Directing all revenue from carbon pricing to a dedicated climate change fund, not general revenue;
- b. Undertaking a detailed analysis of the social, financial, economic, and environmental impacts of the various carbon pricing mechanisms and revenue investment options;
- c. Protecting low-income New Brunswickers;
- d. Including all economic sectors;
- e. Considering the approach taken by neighboring jurisdictions;
- f. Developing the mechanism with the engagement of all concerned interests; and
- g. Ensuring the carbon-pricing mechanism is outlined in legislation and receives public consultation through a committee of the Legislative Assembly.

BE IT THEREFORE RESOLVED THAT this Assembly urges the government to meet all of the conditions recommended by the Committee before imposing a new carbon tax or carbon pricing mechanism on the already over-burdened taxpayers of New Brunswick.
