### GUIDE DE DIVULGATION

Cette liste se rapporte aux paiements effectués par le ministère de la Santé pour des services médicaux assurés en vertu de la *Loi sur le paiement des services médicaux*, ainsi que certains avantages assurés. Tous les paiements sont versés à un numéro d'identification unique attribué au médecin par l'Assurance-maladie du Nouveau-Brunswick.

This listing includes payments attributed to a medical practitioner that exceeded \$50,000 for the fiscal year ending March 31, 2017. Medical practitioners are presented by ranges of \$50,000, sorted alphabetically.

Medical practitioners with payments below \$50,000 are not included.

#### **HOW MEDICAL PRACTITIONERS (DOCTORS) ARE PAID:**

Medical practitioners in New Brunswick are primarily paid through one of two payment systems: salary or fee-for-service, or a combination thereof.

- Salaried medical practitioners are employees of the Government of New Brunswick who receive a salary, a pension and insured benefits.
- Fee-for-service medical practitioners bill Medicare by service that they provide to their patients. For example, a visit to your family doctor is paid differently than the delivery of a newborn; each has a designated fee which has been carefully negotiated. Fee-for-service medical practitioners do not receive pension or other insured benefits; however they may receive payments for specific negotiated benefits (such as, but not limited to Canadian Medical Protective Assurance or Continuing Medical Education).

The payment amounts disclosed are gross amounts paid. This does not reflect the expenses (such as staff or rent) that a medical practitioner may pay out of these gross amounts, and therefore does not reflect the net income of medical practitioners.

Cette liste comprend les paiements versés à un médecin qui sont supérieurs à 50 000 \$ pour l'exercice financier se terminant le 31 mars 2017. Les médecins sont présentés selon l'ordre alphabétique et par fourchette de 50 000 \$.

La liste ne comprend pas les médecins dont les paiements sont inférieurs à 50 000 \$.

#### **MODE DE PAIEMENT DES MÉDECINS**

Les deux formes les plus communes de rémunération des médecins au Nouveau-Brunswick sont la rémunération à l'acte et à salaire, ou une combinaison des deux.

- Les médecins salariés sont des employés du gouvernement du Nouveau-Brunswick qui reçoivent un salaire, une pension et des avantages assurés.
- Les médecins rémunérés à l'acte facturent les services qu'ils offrent à leurs patients à l'Assurance-maladie. À titre d'exemple, votre médecin de famille est rémunéré différemment pour une visite au bureau et un accouchement, chaque service comportant des honoraires stipulés qui ont été soigneusement négociés. Ils ne reçoivent pas une pension ou d'autres avantages assurés, mais ils peuvent être rémunérés pour des avantages spéciaux négociés (notamment les primes de l'Association canadienne de protection médicale ou les prestations pour la formation médicale continue).

Les montants des paiements divulgués sont les montants bruts versés aux médecins. Ces chiffres ne correspondent pas aux dépenses (telles que celles liées au personnel ou au loyer) qu'un médecin doit engager à partir de ces montants bruts, et n'expriment donc pas le revenu net des médecins.
