**Standing Committee on Procedure**

Hon. Mr. Frenette from the Standing Committee on Procedure, presented the First Report of the Committee which was read and is as follows:

November 27, 1996.

To the Honourable the  
Legislative Assembly of the  
Province of New Brunswick  
Mr. Speaker:

I have the pleasure to present the First Report of the Standing Committee on Procedure, appointed by a Resolution of the Assembly dated February 7, 1996. In accordance with its permanent order of reference, your Committee held meetings on October 10 and November 20, 1996 to consider and report upon the rules and procedures of the Assembly. Among the matters reviewed by the Committee were: advance budget briefing for Members; order of Private Members' business; process for reviewing estimates of the Office of the Ombudsman, the Auditor General, and the Supervisor of Political Financing; Members' statements; order of business; and hours of sitting.

The Members of the Committee have worked together in a spirit of co-operation to reach the recommendations contained in this report.

The Committee's work will continue on various matters which remain under study. I wish to thank the Members of the Committee, and on their behalf to express the Committee's appreciation to the legislative staff, who assisted the Committee in its work.

Respectfully submitted on behalf of the Committee.

Hon. J. Raymond Frenette.

Chairman.

The full report of the Committee as presented follows:

November 27, 1996.

Mr. Speaker:

Your Standing Committee on Procedure begs leave to submit this their First Report of the session.

In accordance with the permanent order of reference which refers to this Committee all *Standing Rules* and practices of the House, together with any matter referred by the Speaker, the Standing Committee on Procedure held meetings on October 10 and November 20, 1996. During the deliberations, the Committee considered the practices of other jurisdictions and consulted with other Members of the Legislative Assembly of New Brunswick. Among the matters considered by the Committee were:

- Advance Budget Briefing for Members
- Order of Private Members' Business
- Process for Reviewing Estimates of Ombudsman, Auditor General, and Supervisor of Political Financing
- Members' Statements
- Order of Business
- Hours of Sitting
- Other Amendments to the *Standing Rules*
- *Advance Budget Briefing for Members*

In New Brunswick for decades, budgetary information has been made available to the press, under strictest secrecy and several hours in advance of the same information being made available to the House. This precedent, therefore, is long established. On February 16, 1996, the day following the presentation of the budget, the Leader of the Opposition rose on a question of privilege and claimed that it is a breach of the privilege of the Members of the House for the public, through the media, to receive privileged information on the Government's budget that is denied to Members of the House.

The Speaker noted that although he was unable to deal with the matter raised by the Honourable Leader of the Opposition as a question of privilege, the matter could be considered through other means.

Although the subject of prebudget briefing to the media by the Government falls outside the scope of the Committee's terms of reference, your Committee makes the following comments and recommendations.

The current practice in the House of Commons and in several provincial jurisdictions is that there are separate budget briefings: one for the media, and their experts, and another briefing for the Opposition parties. Most jurisdictions have resorted to a "lockup", that is, Opposition Members and the media are given the documents the day the budget address is delivered in the Legislature as opposed to the day before. Saskatchewan is one of the last provinces still using the "embargo honour system". In that province, Members and the media are given separate budget briefings the day before the presentation of the Budget Address. Waiver documents with respect to advance review of the annual budget are signed by both the media and Opposition parties alike. Despite these precautions, there have been two instances of budget leaks in Saskatchewan both by the media.

It is your Committee's recommendation that the Government consider providing advance budget briefing to Members of Opposition parties, and their staff, the day the Budget Address is to be delivered in the Legislative Assembly.

#### *Order of Private Members' Business*

During the last session of the House, all items of Private Members' Business that appeared on the Order Paper commencing on the second Tuesday of the session were placed under Orders of the Day, in the order in which they were proposed. The Speaker called each item in its proper order and any items which did not proceed when called were allowed to stand, by unanimous consent, and retain precedence. Thus, an item of business stood to another Private Member's day retained precedence ahead of items scheduled for that day. The practice, as followed by our House, was embodied in a

section of the old *Standing Rules* of the House, which were repealed in 1986 and replaced with the present rules of procedure.

It is recommended that the practice for dealing with Private Members' business as established under the old rules be retained. Notices of Motions not taken up or proceeded with when called would, therefore, be allowed to stand and would retain precedence to another Private Member's day before the items scheduled for Private Members' business on that day.

### *Process for Reviewing Estimates of Ombudsman, Auditor General, and Supervisor of Political Financing*

In 1993, provisions were added to the *Legislative Assembly Act* relating to the preparation and submission of the estimates of the Legislative Assembly by the Speaker. In accordance with subsection 35(1) of the Act, the Speaker is required to present annually to the Legislative Administration Committee, the estimates of the sums of money that will be required for the purposes of the *Legislative Assembly Act*. Subsections (2) and (4) of the Act require the Speaker to table and defend the estimates of the Office of the Legislative Assembly. The process as defined in the Act does not include the estimates of the Ombudsman, the Auditor General and the Supervisor of Political Financing. In New Brunswick and in many provinces, the Government is responsible for reviewing the estimates of the Office of the Ombudsman and of the Auditor General. However, in Ontario and Manitoba an all-party administrative board of the Legislative Assembly reviews the estimates of the Office of the Ombudsman.

As the Committee's research on this matter is still ongoing, your Committee has agreed to defer any recommendation to change the process of reviewing the said estimates until such time as it has fully considered the implications of changing the existing process and fully explored the policy of other Canadian legislatures.

### *Members' Statements*

Many Legislative Assemblies in Canada provide a daily opportunity for Members to make brief statements on issues of personal concern. Pursuant to *Standing Rule 35*, Members other than Ministers may make one minute statements on topics of their choice. The Legislative Assembly amended its Standing Rules March 22, 1989, adding a ten-minute period to the ordinary daily routine of business for statements by Members. The period for statements by Members allows Members to advance the concerns of their constituents and, at the same time, put their concerns on the public record.

Although the *Standing Rules* give little guidance concerning the content of these statements, Speakers of this House have counselled that remarks should be directed to matters of concern and that personal attacks or congratulations are not appropriate. Successive Speakers have ruled out of order personal attacks on other Members, congratulatory messages, recitation of poetry and clearly frivolous issues. Members have been cautioned to avoid using statements as a vehicle for naming persons who are not Members of the House and thus have no opportunity to respond. Although the Committee considered including guidelines for making Members' Statements in the *Standing Rules*, your Committee concluded that the guidelines established through Speaker's rulings provide sufficient guidance and authority for the Chair.

### *Order of Business*

*Standing Rule 35* sets out the ordinary daily routine of business in the House for each sitting day, beginning with the Prayers and concluding with the Orders of the Day. This rule lists the items regularly acted upon each day of the session and it lists the order in which they will occur. Prior to the adoption of the present *Standing Rules*, a provision in the old rules allowed the Speaker to vary the ordinary daily routine of business in the House when the business of the House seemed to require it. This provision, repealed when the new rules were adopted in 1986, removed the Speaker's discretion. Under the new rules, a request to vary the routine of business of the House, requires a suspension of *Standing Rule 35* by unanimous consent. The practice of requesting unanimous consent to vary the order of routine business or to revert to an item of routine business has gradually fallen into disuse.

The practice as it currently exists has been noted with concern by both the Speaker and Members of the Legislative Assembly. Members frequently interrupt proceedings and ask the Speaker to revert to Introduction of Guests and Congratulatory Messages or to other items of routine business. Of particular concern is the introduction of Bills late in the sitting day.

Although it is customary each sitting day for the Government House Leader to indicate to the House what Government business will be called each day or over the next few days, Government orders are called and considered in such sequence as the Government determines (Paragraphs 372 and 402 of *Beauchesne's Parliamentary Rules and Forms, Sixth Edition*). Routine proceedings however, must be taken up in accordance with the order established by *Standing Rule 35*. A request to take up a

question out of order or to revert to an item of routine business requires a suspension of the *Standing Rule*.

Your Committee therefore recommends that the current practice of reverting to items of routine business already concluded be abandoned.

Your Committee further recommends that a request to vary the order of the daily routine business in the House, or to revert to a previously concluded item of routine business, be made with the unanimous consent of the House.

#### *Hours of Sitting*

With relatively minor variations, the present schedule of sitting hours has been in operation since 1988. The House frequently sits until 11:00 p.m. at night and commences the following morning at 8:30 a.m. This leaves little time for Members to properly review Bills that have been introduced or to adequately prepare for items under discussion.

Your Committee acknowledges that for the Legislature to be fully effective, sufficient time must be allowed for Members' preparation and review.

Your Committee believes this purpose can be adequately achieved by altering the regular hours of sitting, to allow for increased preparation time between daily sittings, while maintaining the overall hours of sitting per week.

#### **It is recommended that:**

a) The House sit Tuesday through Friday of each sitting week;

b) The sitting hours of the House be as follows:

Tuesday 1.00 p.m. to 6.00 p.m.

Wednesday 8.30 a.m. to 12.30 p.m.

2.00 p.m. to 6.00 p.m.

Thursday 8.30 a.m. to 12.30 p.m.

2.00 p.m. to 6.00 p.m.

7.00 p.m. to 10.00 p.m.

Friday 8.30 a.m. to 12.30 p.m.

2.00 p.m. to 6.00 p.m.

It is further recommended that provision be made to allow the sitting hours on Friday to be varied, with leave of the Assembly upon the request of the Government House Leader or another Member. Upon leave being granted, the House shall sit from 8.30 a.m. to 1.30 p.m. This adjusted Friday timetable would provide 29 hours of sitting each week.

**Your Committee recommends that the revised schedule of sitting hours be adopted provisionally for the second session of the Fifty-third Legislature.**

#### *Other Amendments to Standing Rules*

A number of housekeeping amendments are proposed to the *Standing Rules* to make the language consistent with the *Legislative Assembly Act* and the *Auditor General Act*.

The Standing Committee on Legislative Administration is referred to throughout the *Legislative Assembly Act* as the "Legislative Administration Committee". The *Auditor General Act* refers to the Auditor General while the reference in the *Standing Rules* is to "Provincial Auditor".

Your Committee therefore recommends that the *Standing Rules of the Legislative Assembly* be amended to make them consistent with the language in the *Legislative Assembly Act* and in the *Auditor General Act*.

Your Committee therefore recommends for adoption the amendments to the *Standing Rules* of the Legislative Assembly of New Brunswick as detailed in the Schedule hereto.

#### **SCHEDULE**

*Standing Rules 29, 30, and 31* are suspended for the Second Session of the Fifty-third Legislature and the following provisional rules are substituted:

*Sitting of the House*

29(1) The time for the daily meeting and adjournment of the sitting of the Assembly shall be as follows:

Tuesday 1.00 p.m. to 6.00 p.m.

Wednesday 8.30 a.m. to 12.30 p.m. and

2.00 p.m. to 6.00 p.m.

Thursday 8.30 a.m. to 12.30 p.m. and

2.00 p.m. to 6.00 p.m. and

7.00 p.m. to 10.00 p.m.

Friday 8.30 a.m. to 12.30 p.m. and

2.00 p.m. to 6.00 p.m.

29(2) The sitting hours established under *Standing Rule 29(1)* for Friday may be varied, upon the request of the Government House Leader or any Member and by unanimous consent of the House, to 8.30 a.m. to 1.30 p.m.

30(1) At the ordinary time of daily adjournment, the proceedings on any business under consideration shall be interrupted and the Speaker shall adjourn the House without question put until the next sitting day.

30(2) If the House is in Committee of the Whole or Committee of Supply at the ordinary time of daily adjournment, as specified by *Standing Rule 30(1)*, the Committee shall rise and the Chairman of the Committee shall report the Committee's progress to the House. At the conclusion of the Committee's progress report, the Speaker shall adjourn the House without question put.

30(3) When the House rises on Friday, it stands adjourned unless otherwise ordered, until the following Tuesday.

*Standing Rule 93* is amended by striking out "Provincial Auditor" and substituting "Auditor General".

*Standing Rules 89 and 104* are amended by striking out "Standing Committee on Legislative Administration" wherever it appears and substituting "Legislative Administration Committee".

And your Committee begs leave to make a further report.

Respectfully submitted on behalf of the Committee.

Hon. J. Raymond Frenette.

Chairman.

---

With leave of the House to dispense with notice, Hon. Mr. Frenette moved, seconded by Hon. Mr. Graham:

That the recommendations contained in the First Report of the Standing Committee on Procedure dated November 27, 1996, be concurred in by the House.

Mr. Speaker put the question on the motion of concurrence and it was resolved in the affirmative. (Motion 1)
