BE IT THEREFORE RESOLVED that this legislature urge the government to change the policy from an asset-based test to an income-based test when determining support for nursing home care.

BE IT FURTHER RESOLVED that this legislature urge the government to review the exemptions allowable to the home-based spouse so as not to force liquidation of assets.

AND WHEREAS inflation over the years reduces the purchasing power of seniors'

earnings;

AND WHEREAS the government has recognized this in its provincial income tax legislation with a provision to prevent “bracket creep”;

BE IT THEREFORE RESOLVED that the Legislative Assembly ask the government to examine the feasibility of making an adjustment to this ceiling in the coming year to reflect the above index of inflation in the intervening years;

BE IT FURTHER RESOLVED that the Legislative Assembly ask the government to consider adopting a policy that would automatically adjust the ceilings for the provincial Prescription Drug Program based on an appropriate index of inflation to prevent bracket creep from imposing hardship on seniors.

Motion 77 by Hon. Mr. Alward, seconded by Hon. Mr. P. Robichaud to propose the following resolution on Tuesday, April 13, 2004:

WHEREAS commercial fisheries are an essential part of the economic and cultural life of coastal New Brunswick;

WHEREAS on March 25th, 2004 the Federal Minister of Fisheries and Oceans announced his intention to stabilize the allocations for over 29 Atlantic fisheries, including Gulf Snow Crab and released a Policy Framework for the Management of Fisheries on Canada's East Coast, a comprehensive blueprint to guide fisheries management;

WHEREAS this Policy Framework states that fisheries management decision-making processes must be, and must be seen to be, fair, transparent and subject to clear and consistent rules and procedures;

WHEREAS in 2003, the Federal Minister of Fisheries and Oceans announced a three-year management plan for Gulf Snow Crab that set fleet and sector allocations and shares for 2003-2005 which recognized New Brunswick's provincial historic shares of the fishery;

WHEREAS on April 1st, 2004, the Federal Minister of Fisheries and Oceans unilaterally altered the three-year crab management plan at the expense of New Brunswick's provincial historic shares and in direct contradiction of the principles of the Atlantic Fisheries Policy Framework, and;

WHEREAS the effect of this decision is the reallocation of 320 tons of New Brunswick Gulf Snow Crab to another jurisdiction with a direct loss of \$2.1 M to New Brunswick fishermen and a loss of nearly \$6M in economic activity for the province for the year 2004 alone.

BE IT RESOLVED that the Legislative Assembly express its support for the principle of allocation decision-making processes being fair, transparent and subject to clear and consistent rules and procedures as contained in the Atlantic Fisheries Policy Framework.

BE IT FURTHER RESOLVED that the Legislative Assembly urge the federal government to reaffirm the provincial historic shares enshrined in the 2003-2005 Gulf Snow Crab management plan, respect prior commitments to this province and restore the 2003-2005 New Brunswick allocations so as to be consistent with the Atlantic Fisheries Policy Framework.

WRITTEN QUESTIONS

Question No. 1 By Mr. Ronald Ouellette
Directed to: Hon. Mr. Huntjens
Minister of Family and Community Services

August 15 is the date set for removing residents from the Foyer Morel et Lisa Leclerc in Grand Falls. This move will certainly be hard for some of the residents. Has the department approached residents' families to ensure that the removal of residents from the Foyer Morel goes smoothly?

Have residents found another home that is prepared to accommodate them as of August 15, and are these new homes in a suitable location for these people?

(Response filed August 13, 2003)

Question No. 2 By Mr. Shawn Graham
Directed to: Hon. Mr. Volpé
Minister of Finance

Section 16.1(5) of the *New Brunswick Income Tax Act* describes the formula by which the New Brunswick tax tables are adjusted to address the inflationary impact of "bracket creep".

What would have been the inflation adjustment, as set out by Section 16.1(5) for the 2003 New Brunswick tax tables?

(Response filed January 21, 2004)

Question No. 3 By Mr. Shawn Graham
Directed to: Hon. Mr. Volpé
Minister of Finance

The proposed amendment to the *New Brunswick Income Tax Act* will not provide an inflationary adjustment for the 2003 tax tables which will cause a number of New Brunswick taxpayers to move into a higher tax bracket and pay more income tax.

What is the Department of Finance estimate of the number of taxpayers that will be affected by the proposed amendment? How many taxpayers will move to a higher tax bracket? What is this estimate?

(Response filed January 21, 2004)

Question No. 4 By Mr. Shawn Graham
Directed to: Hon. Mr. Volpé
Minister of Finance

The movement of New Brunswick taxpayers to higher tax brackets in the 2003 tax year will generate additional tax revenue for the province.

What is the estimated additional tax revenue by tax bracket that will accrue to the Province?

(Response filed January 21, 2004)

Question No. 5 By Mrs. Carmel Robichaud, MLA
Directed to: Hon. Mrs. Dubé

How many temporary teaching certificates were there in the school districts in 2000, 2001, 2002, and 2003?

(Response filed January 15, 2004)
