Debatable Motions

Motion 40 by Mr. Northrup, seconded by Mr. Fitch to propose the following resolution on Thursday, April 12, 2007:

WHEREAS the Government made a clear campaign commitment to keep energy costs in New Brunswick affordable and low; and

WHEREAS the Government stated unequivocally that they would refund the taxpayers the full 8% Harmonized Sales Tax paid for electricity to the consumers of New Brunswick; and

WHEREAS the Charter for Change states that “We will give consumers real control over energy costs and we will put more money back in New Brunswickers’ pockets. As energy prices fluctuate worldwide, a Liberal Government will work to protect consumers here at home”; and

WHEREAS the Government was adamant during their time in opposition that any increase power rates would be counter-productive to making housing more affordable to New Brunswick’s low income earners; and

WHEREAS the Government House Leader stated on June 20th, 2006 that “When you see the raise in power rates, nothing affects rural New Brunswickers more than the raise in power rates”; therefore

BE IT RESOLVED that this Legislative Assembly call upon the government to protect the consumers of New Brunswick from any massive energy price increases; and that this government reassure the ratepayers and principal shareholders that rate shock is unacceptable and unreasonable from a publicly owned utility.
