## OPPOSITION MEMBERS' MOTIONS

### *Debatable Motions*

**Motion 51 by Mrs. Blaney**, seconded by Mr. Alward to propose the following resolution on Thursday, April 2, 2009:

WHEREAS New Brunswick's healthcare system requires the very best facilities and the very best resources at its disposal in order to best serve patients and protect lives;

WHEREAS Canadian Blood Services is a national, not-for-profit charitable organization that manages the blood supply in all provinces and territories outside of Quebec, including New Brunswick;

WHEREAS the Province of New Brunswick contracts with Canadian Blood Services for the delivery of blood services, permanent collection and blood donor clinics through a distribution centre located in Saint John, and the funds for such services are provided by New Brunswick taxpayers;

WHEREAS the Canadian Blood Services distribution centre located in Saint John is an essential aspect of our healthcare system providing a timely and vital supply of blood and blood products to the province, and serves as the production and distribution facility for blood products to hospitals throughout New Brunswick;

WHEREAS Saint John is also the location of the Provincial Trauma Centre and Provincial Heart Centre and is therefore a necessary location for the collection, storage and distribution of essential blood and blood products;

WHEREAS the closure of the Canadian Blood Services distribution centre located in Saint John, New Brunswick will result in all blood products being located and distributed from Dartmouth, Nova Scotia;

WHEREAS the logistical difficulty of maintaining an adequate supply of blood and blood products to the province based out of Dartmouth, Nova Scotia is simply not a reasonable alternative to maintaining a distribution centre in Saint John; and

WHEREAS it is essential that all Members of this Legislative Assembly do everything within their power to protect the lives of patients needing timely access to blood and blood products as an integral part of the provincially delivered healthcare system; therefore

BE IT RESOLVED that this Legislative Assembly unanimously urge all levels of government to work together to preserve the Blood Distribution Centre located in Saint John to include collection, storage and distribution, as it is a vital aspect of New Brunswick's healthcare delivery system, trauma network and Provincial Heart Centre;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the Minister of Health and the Official Opposition Critic to immediately request a meeting with Canadian Blood Services and any other relevant stakeholders, and to work collaboratively to carry out any other activities which may lead to the preservation of this vital service.

**Motion 46 by Mr. Fitch**, seconded by Mr. Alward to propose the following resolution on Thursday, April 2, 2009

WHEREAS property tax bills that have been recently received by New Brunswick residents are determined by both property tax rates and property assessments; and

WHEREAS the significant swell in property value assessments in recent years has drastically increased property tax bills and are generating undue financial strain on individuals and families; and

WHEREAS the downturn in global markets, restriction to credit and a national recession have made paying increased property tax bills increasingly difficult for all New Brunswickers; and

WHEREAS the New Brunswick government and the municipalities must be held accountable for additional revenues that may be generated by increased property assessments and because no property owner should have to pay higher property taxes without explanation and proof that the market value of their property has increased; and

WHEREAS both provincial and municipal governments have a responsibility to be open, fair and transparent with regard to taxation;

BE IT RESOLVED that the Legislative Assembly urge the government to pass legislation to cap property tax assessments to protect individuals and business against drastic increases in tax bills;

BE IT FURTHER RESOLVED that this Legislative Assembly urge this government to work with all stakeholders across the province in order to promote home ownership and to create a positive business environment so that New Brunswick may prosper and so that the issue of property taxes is not transferred to municipalities.

## **OPPOSITION MEMBERS' PUBLIC BILLS**

### ***Adjourned Debates***

Resuming the adjourned debate on the motion that Bill 40, *An Act to Amend the Auditor General Act* [**Mr. Alward**] be now read a second time.

### ***Opposition Members' Public Bills for Second Reading***

Bill 30, Rural Economic Development Fund Act - Ms. Dubé

## OPPOSITION MEMBERS' MOTIONS

**Motion 26 by Mr. MacDonald**, seconded by Mr. Northrup to propose the following resolution on Thursday, December 18, 2008:

WHEREAS New Brunswick's forest industry is undergoing unprecedented changes and hardships; and

WHEREAS these hardships are being felt by thousands of New Brunswickers including the 40,000 woodlot-owning families; and

WHEREAS the seven regional woodlot marketing boards and the Federation of Woodlot Owners are also being negatively impacted by the economic crisis facing the industry; and

WHEREAS these eight organizations provide considerable support and services to the industry, including silviculture, certification, education and training, market development, forest management, administration of government programs, non-timber forest products, woodlot owner rights, and day-to-day inquiries; and

WHEREAS in 2007, the Self-Sufficiency Task Force recommended that the Government should "*support private woodlot marketing boards in strengthening their role with respect to silviculture, certification, education and market development,*" and that said recommendation should be acted upon within one year; and

WHEREAS in January 2008, the Government of Canada provided the Government of New Brunswick with \$30 million through the Community Development Trust; and

WHEREAS the province and the forestry industry would benefit from having strong private woodlot marketing boards and a strong federation; therefore

BE IT RESOLVED that this Legislative Assembly urge the government to consider the advisability of providing a one per cent per acre tax sharing on the private woodlot land base to the Federation of Woodlot Owners and another one cent per acre tax sharing on the private woodlot land base to the regional marketing boards as a source of sustainable funding; and, that said tax sharing, if implemented, remain in place for a period of three years.

**[Debate interrupted due to expiration of time.]**
