OPPOSITION MEMBERS' MOTIONS

Debatable Motions

Motion 34 by Mr. Alward, seconded by Mr. Robichaud to propose the following resolution on Thursday, January 28, 2010:

WHEREAS the people of New Brunswick are the principle shareholders of NB Power and its assets; and

WHEREAS the Premier's decision to sell off many of those assets and transmission rights to Hydro-Quebec without the consent of the people has created tremendous public backlash because the people of New Brunswick were not consulted about the deal; and

WHEREAS there are many questions surrounding the final written contract between Hydro-Quebec and the Province of New Brunswick because the government has chosen to keep many aspects of the negotiated deal between the two parties involved secret;

BE IT RESOLVED that this Legislative Assembly urge this government to table the contract between the Province of New Brunswick and Hydro-Quebec a minimum of 30 days before the deal is signed so that the final agreement can receive the essential public scrutiny that it requires and the shareholders deserve.

Motion 35 by Mr. Jody Carr, seconded by Mr. Alward to propose the following resolution on Thursday, January 28, 2010:

WHEREAS timely access to the justice system is fundamental in providing a just and democratic society, and

WHEREAS Legal Aid is a fundamental necessity that helps ensure timely access to justice especially for vulnerable citizens, including women who are experiencing family violence, aboriginal women, and those of low income; and

WHEREAS the government of New Brunswick has cut funding for Legal Aid during the last two consecutive budgets and eliminated court mediators despite the government's own reports recommending otherwise; therefore

BE IT RESOLVED that this Legislative Assembly urge the government to form a provincial action committee with representatives from government departments and community representatives mandated to implement recommendations to improve access to family court services, expand the use of alternatives to family courts to resolve family law issues, and provide increased access to legal information and legal aid in family law matters.

Amendment moved by Hon. Mr. Byrne, Q.C. and seconded by Hon. Mr. Lamrock, Q.C.:

Replacing the third "Whereas" clause with

"WHEREAS the government of New Brunswick, like all provincial and territorial governments, is facing funding challenges for Legal Aid and service delivery; therefore"

in the resolution clause, after the word "Assembly" delete the words "urge the government to form a provincial action committee with" and replace with "support the ongoing work of the committee composed of" and after the word "departments" insert

“who have been” and after “matters” add “and

“BE IT FURTHER RESOLVED that this Legislative Assembly support the establishment of a local committee of government, community and judicial representatives to implement a pilot project for an improved service delivery model for Family Division of the Court of Queen’s Bench in Saint John this Spring.”

[Debate on amendment to motion interrupted due to expiration of time]

Motion 29 by Mr. Fitch, seconded by Mr. Alward to propose the following resolution on Thursday, January 21, 2010:

WHEREAS the province has indicated through the current 2010-2011 budget that the projected date in which the province will return to a balanced budget has been pushed back until the 2014-2015 fiscal year; and

WHEREAS the current budget projects that revenue for the province will increase by 10.7% from the current fiscal year until the 2014-2015 fiscal year; and

WHEREAS expenditures are slated to increase by only 1% over the same period;

BE IT RESOLVED that this Legislative Assembly urge the government to provide to this House detailed financial forecasts and analysis from the Department of Finance or any outside source that supports the projections and ability of government to keep spending far below historic levels of inflation from the current year until the projected 2015 return to a balanced budget.

WHEREAS communities in New Brunswick depend upon healthy forests not only for manufacturing and economic reasons, but also for clean water, clean air and for the future of all outdoor activities; and

WHEREAS forests are not only about the trees that exist within them and because New Brunswickers want to have a say in the planning of the future for what we will leave to future generations; and

WHEREAS private woodlot owners are an important component of what our forests contribute to our province and these owners want to be a part of planning for the future; and

WHEREAS the manner in which our forests are managed can have a significant impact on our environment both positively and negatively with respect to clean water, erosion, fire and wildlife; and

WHEREAS keeping the integrity and biodiversity of our forests is of primary importance; therefore
