OPPOSITION MEMBERS' MOTIONS

Debatable Motions

Motion 5 by Mr. Arseneault, seconded by Mr. Boudreau to propose the following resolution on Thursday, November 14, 2013:

WHEREAS 12 public consultations were held between September 16 and October 9, leading to a renewal of *Overcoming Poverty Together – The New Brunswick Poverty Reduction Plan*;

WHEREAS the province's Poverty Reduction Plan had the following objective: "By 2015, New Brunswick will have reduced income poverty by 25% and deep income poverty by 50%, and will have made significant progress in achieving sustained economic and social inclusion.";

WHEREAS the province's Poverty Reduction Plan had established specific priority actions, both immediate and over a five year period;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the provincial government to table in the House within 30 days a detailed progress report on the province's Poverty Reduction Plan that demonstrates goals met and identifies remaining work and a timeline for achieving unmet goals.

[Debate interrupted due to expiration of time]

Motion 8 by Mr. Doucet, seconded by Mr. Collins to propose the following resolution on Thursday, November 21, 2013:

WHEREAS all Canadians owe a debt of gratitude to our armed forces for their sacrifices on our behalf; and

WHEREAS armed forces personnel have been injured in the line of duty on behalf of our country; and

WHEREAS federal government policy requires armed forces personnel to be ready to be deployed overseas for the entire ten years of their service to qualify for a pension; and

WHEREAS injuries prevent many of these armed forces personnel from being ready to be deployed overseas thereby disqualifying these brave men and women from a pension; and

WHEREAS successive Ministers of National Defense have recognized that this policy is unfair and have pledged to address the problem; and

WHEREAS the problem has still not been addressed;

BE IT THEREFORE RESOLVED that the Legislature of New Brunswick unanimously condemn that current policy and urge the federal government to make provision for armed forces personnel injured in the line of duty to be allowed to remain in the service for their full ten years to qualify for their pensions.

[Debate interrupted due to expiration of time]

Motion 13 by Mr. Fraser, seconded by Mr. D. Landry to propose the following resolution on Thursday, November 28, 2013:

WHEREAS, in 2008, the then Department of Transportation—DOT—implemented a new Asset Management Business Framework to better manage the long-term investment requirements of the province's aging highway infrastructure; and

WHEREAS the Asset Management Business Framework—AMBF—was implemented to make the most efficient use of highway capital repair dollars and take the politics out of paving; and

WHEREAS the Auditor General observed that, in the first three years after adopting the Asset Management Business Framework with optimal funding in place, the department noted positive results; and

WHEREAS the Auditor General has noted that the asset management methodology is sound; and

WHEREAS the Auditor General has concluded that, although the department has the appropriate tools in place to identify and prioritize required highway maintenance projects, current funding levels do not allow for completion of an appropriate level of highway maintenance on a timely basis; and

WHEREAS the Auditor General has expressed concern that this will result in deferring required maintenance to future periods at a greater overall cost to the province; and

WHEREAS it is reported in the Auditor General's report that 40% of capital maintenance projects chosen for completion are not recommended through the asset management capital planning process, and it was suggested that some of these are chosen for political reasons;

BE IT THEREFORE RESOLVED that the Legislature urge the government to return to the principles of asset management that have been implemented since 2008 to restore optimum long-term value to New Brunswick highway capital repairs.

Motion 15 by Mr. Collins, seconded by Mr. Melanson to propose the following resolution on Thursday, November 28, 2013:

WHEREAS the causeway gates on the Petitcodiac River were opened on April 14, 2010 as part of a 3 phase restoration project started under the former Liberal government;

WHEREAS the health of the Petitcodiac River has improved substantially, and life forms have returned to the river since the opening of the causeway gates;

WHEREAS a newly invigorated Petitcodiac River has attracted a number of tourists, including avid surfers, to the Moncton area since the opening of the causeway gates;

WHEREAS the third and final phase of the Petitcodiac River Restoration Project involves the construction of a bridge, to replace the causeway structure, that was due to open in 2013;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the provincial government to move forward with its application for federal funding for the third and final phase of the Petitcodiac River Restoration Project to allow for the project's completion.

Motion 16 by Mr. Arseneault, seconded by Mr. Collins to propose the following resolution on Thursday, December 5, 2013:

WHEREAS the health budget represents approximately 40% of the total provincial budget; and

WHEREAS according to the report *Modelling New Brunswick's Future Health Care Expenses and Resource Needs*, conducted by the Canadian Institute of Actuaries in conjunction with the New Brunswick Health Council, the health budget will increase by \$1 billion by year 2020; and

WHEREAS according to the aforementioned, smoking represents one of the three main and biggest factors influencing health care costs; and

WHEREAS Canadian Institute for Health Information statistics indicate that New Brunswick exceeds the Canadian average in smoking rates; and

WHEREAS New Brunswick's Wellness Strategy Action Plan only references smoking once, and only in relation to the workplace; and

WHEREAS smoking reduction with a focus on youth, should be a priority for every government;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the provincial government to immediately develop a strategy and action plan aimed at reducing youth smoking in New Brunswick.

Motion 21 by Mr. Melanson, seconded by Mr. Albert to propose the following resolution on Thursday, December 12, 2013:

WHEREAS, during the 2010 election campaign, Premier Alward promised to establish a catastrophic drug plan before the fall of 2011;

WHEREAS, during the 2010 election campaign, Premier Alward promised to permanently freeze property tax assessments for all homeowners aged 65 and over;

WHEREAS, during the 2010 election campaign, Premier Alward promised not to raise taxes that affect ordinary New Brunswickers;

WHEREAS, during the 2010 election campaign, Premier Alward promised to stabilize our public finances without raising taxes or reducing services;

WHEREAS, during the 2010 election campaign, Premier Alward promised to ensure that the annual budget of the Department of Health would increase by a minimum of 3% each and every year of his four-year mandate;

WHEREAS, during the 2010 election campaign, Premier Alward promised to reduce the small business tax rate by 50%;

WHEREAS, during the 2010 election campaign, Premier Alward made several other promises that have not been kept;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the Premier to admit to the people of New Brunswick that he has not kept these promises.
