Debatable Motions

Motion 2 by Mr. Bourque, seconded by Mr. Gauvin to propose the following resolution on Thursday, November 3, 2022:

WHEREAS the province has reached a crisis situation with respect to the lack of affordable housing in many areas of the province;

WHEREAS this crisis has deepened because rents in many existing housing units have increased dramatically, beyond affordability for many tenants;

WHEREAS the temporary rent cap is set to expire;

WHEREAS there is not enough subsidized housing to meet the demand and many units that should be housing low-income tenants are awaiting repairs which the government has not undertaken;

WHEREAS cold weather is upon us and there are people who have been sleeping in cars and tents and unheated trailers as they have no place to live;

WHEREAS, although the government made an announcement in support of affordable housing, it was inadequate to address the need and failed to provide a framework for partnerships with not-for-profits, municipalities and co-operatives;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government of New Brunswick to immediately make significant investments in affordable housing and to fund a comprehensive affordable housing plan in the upcoming budget;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to extend the rent cap.

Motion 3 by Ms. Landry, seconded by Mr. Bourque to propose the following resolution on Thursday, November 3, 2022:

WHEREAS, as a result of educational disruptions caused by COVID-19 over the past two years, many parents are concerned that their children have fallen behind with respect to their education and learning;

WHEREAS the last two years have been stressful for teachers and students alike;

WHEREAS there is uncertainty as to whether there may be new instructional disruptions if there are further significant outbreaks of COVID-19 in the future;

WHEREAS there is a need to ensure that New Brunswick schoolchildren do not fall behind educationally as a result of learning disruptions;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to assess the educational impact of learning disruption, bring forward a comprehensive and detailed plan to address educational “catch-up”, and provide sufficient resources to implement it;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to develop a plan to address any future disruptions in learning so that students are not educationally disadvantaged should this occur again.

[Debate interrupted due to expiration of time.]

Motion 4 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, November 3, 2022:

THAT the Legislative Assembly recognizes that fracking and burning natural gas releases gases into the air, mainly carbon dioxide and methane, which exacerbates the climate crisis.

Motion 6 by Mr. K. Chiasson, seconded by Mr. LePage to propose the following resolution on Thursday, November 10, 2022:

WHEREAS the government cancelled the Free Tuition Program and the Tuition Relief for the Middle Class program that provided many students with the opportunity to enroll in a post-secondary institution;

WHEREAS the province decided to cancel the NB-EI Connect Program that helped students pay for their food and lodging as they pursued their studies;

WHEREAS the program brought forward by the government for interest relief on the provincial portion of student loans does not support access to post-secondary education;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to bring forward a comprehensive assistance program to support access to post-secondary education.

Motion 7 by Mr. Legacy, seconded by Mr. K. Chiasson to propose the following resolution on Thursday, November 10, 2022:

WHEREAS the reduction in personal income tax benefits those with higher incomes but ignores people struggling to make ends meet;

WHEREAS the rising cost of living for necessities including rent, fuel, and groceries is forcing people to make difficult choices;

WHEREAS the government cancelled the Home Energy Assistance Program, which helped over 33,000 New Brunswickers with their energy costs;

WHEREAS the government brags about its record of service but is doing little to help those in need;

WHEREAS the heat pump program will not be rolled out in time for this winter to help many New Brunswickers reduce their heating costs;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to reinstate and enhance the Home Energy Assistance Program;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to remove the HST from heating fuels.
