 Bill 32, Supplementary Appropriations Act 2023-2024 (1) – Hon. Mr. Legacy

GOVERNMENT MOTIONS

Motion 1 by Mr. M. LeBlanc, seconded by Hon. Mr. K. Chiasson to propose the following resolution on Tuesday, November 26, 2024:

WHEREAS the Government of New Brunswick is focused on strengthening relationships with First Nations communities that are built on trust and collaboration;

WHEREAS recognizing and paying respect to the First Nations on whose territories we live and work is an important part of the ongoing commitment to truth and reconciliation;

WHEREAS, on November 18, 2024, the Government of New Brunswick invited government employees to use a land acknowledgement at formal meetings, at events, in publications, and in other government venues and settings;

BE IT RESOLVED that the Legislative Assembly of New Brunswick acknowledge that the Province of New Brunswick is situated on the unceded and unsurrendered territories of the Wolastoqey, Mi'gmaq and Peskotomuhkati peoples and that the Members of the Legislative Assembly seek to repair and rebuild meaningful relationships with Indigenous peoples and honour these lands which hold the hopes of future generations.

Motion 38 by Mr. M. LeBlanc, seconded by Hon. Ms. Thériault with leave to dispense with notice:

THAT the recommendations contained in the First Report of the Standing Committee on Procedure, Privileges and Legislative Officers, presented on March 28, 2024, during the Third Session of the 60th Legislative Assembly, be concurred in by the House.

Amendment moved by Mr. Coon, seconded by Ms. Mitton that Motion 38 be amended as follows:

By deleting all of the words following “THAT” and substituting the following:

“the recommendations contained in the First Report of the Standing Committee on Procedure, Privileges and Legislative Officers, presented on March 28, 2024, during the Third Session of the 60th Legislative Assembly, be concurred in by the House with the following amendment:

In Standing Rule 32.1(1)(b) by deleting “March” and substituting “February” and by deleting “24 sitting days” and substituting “40 sitting days”.

[Debate Adjourned.]

CONCLUDED

Motion 2 by Mr. M. LeBlanc. Carried November 20, 2024.

Motion 3 by Hon. Mr. Legacy. Debated and carried December 10, 2024.

Motion 4 by Mr. M. LeBlanc. Carried November 20, 2024.

Motion 9 by Mr. M. LeBlanc. Carried November 28, 2024.

Motion 10 by Mr. M. LeBlanc. Carried November 28, 2024.

Motion 11 by Mr. M. LeBlanc. Carried December 11, 2024.

Motion 12 by Mr. M. LeBlanc. Carried December 11, 2024.

Motion 13 by Hon. Mr. Legacy. Debated March 18, 20, 21, 25, 26 and 28 and carried March 28, 2025.

Motion 24 by Mr. M. LeBlanc. Debated and carried March 26, 2025.

GOVERNMENT PRIVATE MEMBERS' MOTIONS

Motion 33 by Mr. J. LeBlanc, seconded by Mr. Doucet to propose the following resolution on Wednesday, May 28, 2025:

THAT in addition to the existing sitting hours prescribed in Standing Rule 29, the House may sit on Tuesday, Wednesday and Thursday evenings from 7:00 p.m. until midnight;

THAT this Special Order shall come into effect on Wednesday, May 28, 2025, and shall remain in effect for the duration of the First Session of the 61st Legislative Assembly.

OPPOSITION MEMBERS' BUSINESS

OPPOSITION MEMBERS' MOTIONS

Debatable Motions

Motion 8 by Mr. Austin, seconded by Mr. Ames to propose the following resolution on Thursday, December 12, 2024:

WHEREAS the Premier has openly mused about reviewing the Central NB Correctional Facility Project;

WHEREAS New Brunswick's current correctional facilities are over capacity, leading to repeat offenders being released on house arrest before they have completed their full sentence;

WHEREAS the Province has already invested over 5 million dollars into the Project, as well as a significant financial contribution from the local municipality;

WHEREAS the people of Grand Lake are relying on the facility for increased public safety and the betterment of their economy;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government to continue with the Central NB Correctional Facility located in the Minto Industrial Park.

Motion 14 by Ms. M. Johnson, seconded by Mr. Weir to propose the following resolution on Thursday, March 20, 2025:

WHEREAS drug addiction and recovery are critical public health issues that deeply impact individuals, families, and communities across New Brunswick;

WHEREAS privately and not-for-profit owned drug recovery programs operate within the province and play a significant role in offering support to individuals seeking treatment;

WHEREAS concerns have been raised about the potential for harm caused by unregulated or inadequately monitored private and not-for-profit recovery programs, or lack of evidence-based practices;

WHEREAS it is the responsibility of the provincial government to ensure that all drug recovery programs, whether public or private and not-for-profit, adhere to high standards of accountability, safety, and efficacy for the well-being of those they serve;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to move towards a recovery-based model in treating those suffering from addictions and to re-evaluate current harm reduction models.

Motion 18 by Mr. Savoie, seconded by Ms. Scott-Wallace to propose the following resolution on Thursday, March 27, 2025:

WHEREAS the Canadian economy thrives on the principles of free trade, innovation, and collaboration, and interprovincial trade plays a pivotal role in uniting our diverse regions, fostering economic growth, and enhancing the overall quality of life for all Canadians;

WHEREAS New Brunswick, as a vital part of the Atlantic region, possesses unique resources, industries, and cultural assets that can greatly benefit from increased interprovincial trade, leading to enhanced job creation, economic diversification, and sustainable development;

WHEREAS the current barriers to interprovincial trade, including regulatory discrepancies, tariffs, and licensing challenges, hinder New Brunswick's ability to fully leverage its potential in key sectors such as agriculture, fisheries, technology, and tourism, thereby limiting opportunities for local businesses and entrepreneurs;

WHEREAS breaking down these barriers will allow New Brunswick to access larger markets, attract investment, and promote innovation, ultimately leading to a stronger, more resilient economy that benefits not only businesses but also the residents of New Brunswick through increased employment opportunities, better access to goods and services, and improved public services;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government of New Brunswick to commit to actively pursuing the removal of interprovincial trade barriers in collaboration with other provinces and territories, to create a more seamless and integrated economic environment that fosters growth, prosperity, and a higher quality of life for all New Brunswickers.

Motion 19 by Ms. Conroy, seconded by Mr. Hogan to propose the following resolution on Thursday, March 27, 2025:

WHEREAS the retention and recruitment of nurses are critical to the future sustainability and success of our healthcare system, ensuring that all New Brunswickers have access to high-quality, timely care when they need it;

WHEREAS the Premier has recognized the essential role of casual nurses in the healthcare system and expressed a commitment to improving programs that support them, yet many critical groups of nurses, such as casual nurses, LPNs in special care facilities, hospice nurses, and public health nurses, were excluded from the current bonus program despite promises made in the Liberal election platform to provide bonuses to all nurses;

WHEREAS the Holt government has made the decision to redirect significant funds, amounting to \$180.6 million, from the WorkSafe return of premiums, which could instead be invested in a much-needed retention bonus program for New Brunswick nurses, including those currently not receiving the recognition and compensation they deserve for their essential contributions;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to invest the WorkSafe funds into a retention bonus program for New Brunswick nurses currently not feeling respected and valued by the government, to help address recruitment and retention challenges and ensure that all nurses in New Brunswick are supported and recognized for their vital roles in our healthcare system.

Motion 20 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, March 27, 2025:

WHEREAS providing paid sick days is a public health measure that helps reduce the risk of spreading illness among coworkers and customers, minimizing the negative impacts on productivity;

WHEREAS, without paid sick days, workers are forced to choose between their health and financial security, potentially risking their own well-being and the health of others;

WHEREAS 45% of full-time workers in New Brunswick earn under \$50,000 annually and a significant portion of these workers do not have access to paid sick days, making it harder for them to recover from illness or care for family members;

WHEREAS the *Employment Standards Act* allows only for up to five days of unpaid sick days, leaving many workers vulnerable to financial hardship when they are ill;

WHEREAS the federal government, Prince Edward Island, Quebec, and British Columbia provide paid sick days to their employees;

WHEREAS, since instituting paid sick days, British Columbia has reported multiple benefits, including increased productivity, better staff retention, a decline in workplace injuries, and an increase in morale;

WHEREAS the Department of Post-Secondary Education, Training, and Labour's consultation on sick days indicated broad support for paid sick days in New Brunswick;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to ensure that all New Brunswick workers have access to paid sick days.

Motion 22 by Mr. Hogan, seconded by Mr. Ames to propose the following resolution on Thursday, May 8, 2025:

WHEREAS the pharmacy engagement pilot project was designed to integrate pharmacists more effectively into the healthcare system by expanding their roles in patient care, including medication management, chronic disease monitoring, and minor ailment prescribing;

WHEREAS this initiative demonstrated tangible benefits, including improved patient outcomes, reduced wait times in emergency departments, and enhanced efficiency within the healthcare system;

WHEREAS pharmacists, as highly trained and accessible healthcare professionals, play a crucial role in alleviating pressure on primary care providers and emergency services, particularly during a time of healthcare workforce shortages in New Brunswick;

WHEREAS discontinuing this pilot project would result in decreased access to essential healthcare services, increased strain on physicians and emergency departments, and potential negative impacts on patient health outcomes;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government to strongly advocate for the immediate reinstatement and expansion of the pharmacy engagement pilot project;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government of New Brunswick to allocate the necessary funding and resources to support pharmacists in delivering essential healthcare services as part of a sustainable and integrated healthcare system.

Motion 23 by Ms. Bockus, seconded by Ms. M. Wilson to propose the following resolution on Thursday, May 8, 2025:

WHEREAS the SEED (Student Employment and Experience Development) grants in New Brunswick have proven to be an effective way for MLAs to support projects that address specific community needs, but the current allocation limits do not provide sufficient flexibility for MLAs to meet the growing demands of their constituents;

WHEREAS other provinces, such as Alberta, have implemented systems that allow for a higher number of funded positions or grants per riding, resulting in more inclusive community support, better outcomes for local initiatives, and enhanced relationships between elected officials and the communities they serve;

WHEREAS increasing the number of SEED grants available in each riding will enable MLAs to provide greater support to local initiatives, foster stronger connections with constituents, and ensure that community-driven projects can thrive across New Brunswick, contributing to social and economic development at the grassroots level;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government of New Brunswick to increase the funding for SEED grants to enable MLAs to award 30 positions in each riding, empowering them to better address local needs and contribute to the ongoing development of their communities.

Motion 25 by Mr. Austin, seconded by Ms. Scott-Wallace to propose the following resolution on Thursday, April 3, 2025:

WHEREAS New Brunswick is endowed with vast natural resources, including untapped reserves of natural gas, which present a significant opportunity to contribute to the province's economic development, job creation, and energy security;

WHEREAS a jurisdictional scan of other Canadian provinces demonstrates the economic impact of natural gas exploration, seeing billions in economic benefits from its natural gas sector;

WHEREAS New Brunswick, with its unique geological formations, has the potential to explore and develop its natural gas resources, ensuring that the economic benefits of this resource can be realized in a way that protects the province's natural environment for future generations;

WHEREAS the development of natural resources in New Brunswick will strengthen the province's economy;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government of New Brunswick to initiate comprehensive research and a consultative process to explore the responsible development of its natural resources in order to unlock new economic opportunities and contribute to the long-term prosperity of the province.

Motion 26 by Mr. Austin, seconded by Ms. Conroy to propose the following resolution on Thursday, April 3, 2025:

WHEREAS security threats and incidents targeting public and private institutions, including places of worship and non-profit organizations, have become an increasing concern across Canada, with religious and community organizations often being vulnerable to acts of vandalism, theft, and other forms of violence;

WHEREAS the recent vandalism of the Fredericton Synagogue, an act that undermines the principles of tolerance, respect, and inclusion, highlights the critical need for greater community support and collaboration, and religious organizations, through their longstanding commitment to fostering understanding, unity, and social responsibility, are essential partners in promoting healing, reconciliation, and a stronger, more inclusive New Brunswick society, making their inclusion in the New Brunswick Community Investment Fund vital for the betterment of all communities;

WHEREAS religious organizations in New Brunswick have a long history of providing essential community services, including food programs, mental health support, youth mentorship, and senior care, which contribute to the overall well-being and resilience of local communities, particularly in underserved and vulnerable populations;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to expand the CIF eligibility requirements to include security apparatus and equipment for religious and non-profit organizations, ensuring that these essential institutions are equipped to protect their staff, members, and facilities from emerging threats.

Motion 27 by Ms. S. Wilson, seconded by Ms. Scott-Wallace to propose the following resolution on Thursday, May 8, 2025:

WHEREAS data from Statistics Canada and local Jewish organizations indicate a disturbing rise in antisemitic incidents across New Brunswick over recent years;

WHEREAS, since October 2023, New Brunswick's Jewish community has experienced alarming incidents, including threats to safety at communal facilities, vandalism of Jewish-owned businesses, and intimidation faced by Jewish students in educational institutions;

WHEREAS local law enforcement agencies in New Brunswick have reported significant increases in hate crimes, with the Jewish community being disproportionately targeted;

WHEREAS a provincial summit to combat antisemitism would serve as a vital platform for stakeholders, including government officials, law enforcement, educators, and community leaders, to collaborate, share insights, and develop actionable strategies to counter the rising tide of hate;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government of New Brunswick to direct the appointed representatives on Holocaust Remembrance and Combatting Antisemitism to convene a provincial summit to address antisemitism in New Brunswick to foster dialogue among stakeholders and to establish comprehensive measures to protect the Jewish community and combat hate in all its forms within the province.

Motion 28 by Ms. Scott-Wallace, seconded by Mr. Savoie to propose the following resolution on Thursday, May 8, 2025:

WHEREAS physical activity and sports play a significant role in promoting health, well-being, and community engagement among residents of New Brunswick;

WHEREAS athletes competing at various levels contribute to the province's reputation and pride, representing New Brunswick in regional, national, and international competitions;

WHEREAS several provinces, including British Columbia and Ontario, have established funding programs that provide financial support to athletes competing in recognized sports, ensuring they have the resources necessary to train and excel;

WHEREAS, despite the demonstrated benefits of supporting athletes, New Brunswick currently lacks a comprehensive funding program tailored to assist local athletes competing in recognized sports, which could hinder their development and potential success;

WHEREAS investing in our athletes not only fosters individual excellence but also strengthens the overall sporting community in New Brunswick, encouraging youth participation and enhancing our province's profile in the sports arena;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to begin funding programs that directly support New Brunswick athletes who are competing in recognized sports according to SportNB guidelines.

Motion 30 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, May 15, 2025:

WHEREAS access to affordable solar energy can significantly lower household energy costs, reduce dependence on fossil fuels, and create local jobs in New Brunswick's growing renewable energy sector;

WHEREAS the Premier has committed to establishing a provincial solar retrofit program to make solar energy more accessible and affordable for New Brunswickers;

WHEREAS high upfront costs remain a significant barrier to installing solar power systems, preventing many New Brunswickers from benefiting from clean, renewable energy;

WHEREAS innovative and affordable solar solutions, such as plug-in solar panels widely available in European countries, enable tenants to reduce their power costs with free energy from the sun;

WHEREAS expanding access to solar energy will empower New Brunswickers to save money, strengthen energy resilience, and reduce greenhouse gas emissions;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to implement a comprehensive and accessible solar retrofit program that removes financial barriers and expands access to solar energy for all New Brunswickers.

Motion 31 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, May 15, 2025:

WHEREAS mental health needs are not being adequately addressed by the healthcare system;

WHEREAS less than half of New Brunswickers perceive their mental health as very good or excellent;

WHEREAS New Brunswick has the third-highest suicide rate among all Canadian provinces, at 15.7 deaths per 100,000 population;

WHEREAS 24-hour emergency mental health crisis services are essential to the health and well-being of New Brunswickers;

WHEREAS there are no designated 24-hour mental health crisis services outside of ERs, except for a phone line answered by home-based call centre agents employed by an Ontario-based company;

WHEREAS the government has outsourced access to triage for its Mobile Crisis Mental Health Response Teams to a privately managed company with home-based call centre agents;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to fund its community mental health centres to provide 24-hour walk-in emergency services;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to reinstate direct public access to the Mobile Crisis Mental Health Response Teams and extend their operating hours to provide round-the-clock service.

Motion 32 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, May 29, 2025:

WHEREAS New Brunswickers facing serious illnesses, such as cancer, should not have to choose between seeking life-saving treatment and job security;

WHEREAS the current length of job-protected leave in New Brunswick is insufficient to cover the average treatment and recovery period for many common cancers, which can last over 36 weeks;

WHEREAS the federal government has extended the EI sickness benefit to 26 weeks, yet New Brunswick workers risk losing their jobs if provincial job protection is not extended accordingly;

WHEREAS other provinces, including Nova Scotia, Prince Edward Island, Newfoundland and Labrador, Manitoba, and Ontario, have extended job-protected leave to at least 26 weeks, aligning with the federal EI sickness benefit;

WHEREAS 85% of New Brunswickers support extending job-protected leave to 26 weeks;

WHEREAS extending job protection would ensure New Brunswick workers can focus on recovery without the fear of losing employment;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to introduce legislation extending unpaid job-protected leave for serious illness from the current 5 days to 26 weeks.

Motion 34 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, May 29, 2025:

WHEREAS many New Brunswickers struggling with addiction and mental health issues often have trouble finding a way to get the treatment they need;

WHEREAS the Department of Health only funds 67 detox beds and 34 rehab beds for adults, youth, and children with substance use disorders through the Regional Health Authorities;

WHEREAS the limited availability of public treatment options in New Brunswick has resulted in prolonged waiting times, leaving vulnerable individuals without timely access to essential care and support;

WHEREAS privately run rehab centres have proliferated to fill in the gap created by the overstretched publicly funded facilities;

WHEREAS private addiction treatment centres are unregulated in New Brunswick, which raises concerns about the quality of care and treatment provided, potentially jeopardizing the well-being of those seeking assistance;

WHEREAS a comprehensive and compassionate approach to addressing addiction and mental health issues requires increased investment in public detox and rehab facilities, coupled with robust regulation to ensure the highest standards of care;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to take immediate action to establish and enforce regulations for all private rehab centres, ensuring transparency, accountability, and the provision of high-quality care for individuals seeking treatment;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to increase its investment in public detox and rehab facilities to reduce the waiting list for those seeking treatment.

Motion 35 by Ms. Scott-Wallace, seconded by Mr. Austin to propose the following resolution on Thursday, May 29, 2025:

WHEREAS, in January, a neighbouring province adopted legislation declaring gender-based violence an epidemic;

WHEREAS organizations such as White Ribbon Fredericton, Survivors United Against Violence, the New Brunswick Federation of Labour, and more than 20 local community agencies have called on the government of New Brunswick to make a similar declaration;

WHEREAS these calls have so far gone unanswered, despite the urgent need for action;

WHEREAS New Brunswick has the third highest rate of intimate partner violence in Canada and the highest in Atlantic Canada;

WHEREAS incidents of abuse in the province have risen by 39% over the last 12 years, with rural communities being particularly affected;

WHEREAS acknowledging gender-based violence as an epidemic would help to bring necessary attention, resources, and coordinated action to address this growing crisis;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government to formally declare gender-based violence an epidemic in the province and

commit to coordinated, sustained efforts to prevent and respond to intimate partner violence in all communities.

Amendment moved by Hon. Ms. Boudreau, seconded by Ms. Sodhi that Motion 35 be amended as follows:

By deleting “so far gone unanswered” in the third “WHEREAS” clause and replacing it with “not led to a declaration”;

By adding “reported” before “incidents” in the fifth “WHEREAS” clause.

By deleting “as an epidemic would help to bring necessary attention, resources, and coordinated action to address this growing” in the last “WHEREAS” clause and replacing it with “as a systemic crisis will help to improve and enhance necessary attention, resources and coordinated action to address this”;

In the resolution clause:

By deleting “an epidemic in the province and commit to coordinated, sustained efforts to prevent and respond to intimate partner violence in all communities” and replacing it with “as a systemic crisis in the province and commit to enhancing coordination, sustaining efforts to prevent and respond to gender-based violence with an intersectional approach, acknowledging and addressing the disproportionate impacts on Indigenous women, Black and racialized women, 2SLGBTQ+ individuals, persons with disabilities, newcomers, and other equity-deserving communities”.

Sub-amendment moved by Mr. Savoie, seconded by Ms. M. Johnson that the amendment to Motion 35 be amended as follows:

Replacing in the last WHEREAS clause the words “a systemic crisis” with the words “an epidemic”;

And in the Resolution clause replacing the words “a systemic crisis” with “an epidemic”.

[Debate interrupted due to expiration of time.]

Motion 36 by Mr. Coon, seconded by Ms. Mitton to propose the following resolution on Thursday, June 5, 2025:

WHEREAS the World Health Organization deemed glyphosate “probably carcinogenic to humans” in 2015;

WHEREAS this Legislative Assembly has received one of the largest petitions in the history of New Brunswick with over 36,000 signatures asking for the spraying to end;

WHEREAS Québec has banned the use of glyphosate for forestry operations;

WHEREAS there is increasing scientific evidence of the risk glyphosate poses to the health of our forest ecosystems and wildlife;

WHEREAS the Federal Court ruled that Health Canada’s renewed approval of a glyphosate product in 2022 failed to consider new science on potential risks;

WHEREAS the Federal Court ordered Health Canada to complete a review of the health risks of glyphosate within six months considering the latest science;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the Minister of Environment to withhold permits for the aerial spraying of glyphosate;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to implement the 2021 recommendations of the Standing Committee on Climate Change and Environmental Stewardship on pesticides.

Motion 37 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, June 5, 2025:

WHEREAS New Brunswick only produces 9% of the vegetables and 3% of all of the food that New Brunswickers eat;

WHEREAS the threat of US tariffs has underscored the importance of creating a resilient local food economy;

WHEREAS New Brunswick lost 20% of its farms between 2016 and 2021;

WHEREAS only 6.7% of New Brunswick farmers are under 35 years old;

WHEREAS encouraging local non-industrial agriculture constitutes a way to fight climate change;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to immediately set ambitious local purchasing targets for public institutions in New Brunswick;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to ensure stable government funding for local food contracts to enable more of our food to be produced locally;

BE IT FURTHER RESOLVED that the Legislative Assembly urge the government to adequately fund Food Depot Alimentaire's Fresh Local Food Program.

Motion 39 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, June 5, 2025:

WHEREAS the widespread and systemic use of non-disclosure agreements (NDAs) has been found to suppress information about unlawful activities, including but not limited to sexual misconduct, harassment and discrimination;

WHEREAS NDAs are routinely used to cover up abuse in schools, youth clubs, universities, organizations, public and private sector workplaces, and religious institutions, where revealing the details of the settlement may result in reputational risk or criminal charges against the perpetrator;

WHEREAS victims and survivors of harassment and discrimination are frequently compelled to sign NDAs, which can prevent them from reporting or discussing their concerns with family, friends, co-workers, or therapists;

WHEREAS the use of NDAs undermines the principles of transparency and accountability that are fundamental to a just society;

WHEREAS Ontario, Manitoba, Nova Scotia, British Columbia, Saskatchewan, and Prince Edward Island have introduced legislation restricting or banning the use of NDAs in cases of sexual misconduct, harassment and discrimination, demonstrating a growing recognition of their detrimental effects;

BE IT THEREFORE RESOLVED that the Legislative Assembly urge the government to enact legislation to prohibit the use of NDAs that serve to conceal details and evidence of harassment, discrimination, and other forms of misconduct.

Motion 40 by Ms. Conroy, seconded by Mr. Austin to propose the following resolution on Thursday, June 5, 2025:

WHEREAS two out of every three patients experiencing an acute heart attack meet eligibility for prehospital thrombolytics;

WHEREAS nearly 2,500 New Brunswick residents will be hospitalized each year following a heart attack;

WHEREAS thrombolytics administered within one hour of symptom onset can abort up to 30% of heart attacks;

WHEREAS New Brunswick paramedics are among the highest educated in the country;

WHEREAS paramedics in New Brunswick already have the foundational education to give thrombolytics and the regulator authorizes paramedics to use them but the government of New Brunswick does not;

WHEREAS paramedics in British Columbia, Saskatchewan, Manitoba, Ontario, Nova Scotia, and Prince Edward Island administer prehospital thrombolytics;

BE IT THEREFORE RESOLVED that the Legislative Assembly of New Brunswick urge the government to make the necessary policy changes to allow Advanced Care Paramedics to administer thrombolytics.

Motions for Returns

Motion 29 by Ms. Mitton, seconded by Mr. Coon to propose the following resolution on Thursday, May 8, 2025:

THAT an address be presented to Her Honour the Lieutenant-Governor, praying that she cause to be laid upon the table of the House detailed expenditure plans for each provincial department and agency for 2025-2026.

CONCLUDED

Motion 5 by Mr. Ames. Debated and carried as amended December 12, 2024.

Motion 6 by Mr. Hogan. Debated and carried as amended November 28, 2024.

Motion 7 by Ms. Scott-Wallace. Debated and carried as amended May 15, 2025.

Motion 15 by Ms. M. Johnson. Debated and carried May 15, 2025.

Motion 16 by Mr. Austin. Debated and defeated March 27, 2025.

Motion 17 by Mr. Hogan. Debated and carried as amended May 15, 2025.

Motion 21 by Ms. Bockus. Debated and defeated May 8, 2025.
