Introduction

The *Fees Act* (see **Appendix A**) received Royal Assent in the spring of 2008. This legislation, which applies to Part I of the public service, established a transparent process governing fees charged by government departments.

It requires detailed information to be made public on all upcoming fee increases and all new fees at least 60 days before implementation by government departments.

The Act also specifies that, by January 31st each year, the Minister of Finance and Treasury Board must file a document containing such information with the Clerk of the Legislative Assembly. The 2025 document contains detailed information regarding fee changes and/or new fees planned by government departments for the upcoming fiscal year of 2025-2026.

The report also includes information such as the legal authority to charge each fee, the current fee amount, the new fee amount, effective date of the change, revenue details, and departmental contact information.

The first section in the 2025 Annual Report summarizes fee changes and/or new fees approved by Treasury Board since publication of the 2024 Annual Report.

The second section summarizes upcoming fee changes and/or new fees approved by Treasury Board for the fiscal year 2025-2026. In keeping with the requirement of 60-day minimum notice to the public, none of these fees will take effect until at least April 1, 2025. It is recommended that the effective dates specified in this report be verified with the respective departments as they may be extended following the publication of this report.

It should be noted that the *Fees Act* does allow a department to create or increase fees during the upcoming fiscal year. If this occurs, the individual department will file a document with the Clerk of the Legislative Assembly containing the same type of details as are included in this report. The fee change is also subject to the requirement of a minimum 60-day notice to the public.

If there are any mid-year changes, the details of these single filings will be summarized and published in the 2026 report on fees. This compilation will maintain accuracy and transparency concerning fees.

How to Read this Report

Section 3(2) of the *Fees Act* requires this *Annual Report on Fees* to present the following information for new and increased fees proposed for the next fiscal year:

- (a) the name of the department that proposed the fee;
- (b) the name of the fee;
- (c) the legislative authority for the fee;
- (d) the amount of the current fee, if any;
- (e) the amount of the new fee or the increased fee;
- (f) the effective date for the new fee or the increased fee;
- (g) the total annual revenue expected from the fee;
- (h) the change in the annual revenue expected from the fee; and
- (i) the name of the contact person.

In this report, the above information is presented in the following format:

Department Name	Name of the fee <i>Name of the Act</i> Regulation Number	
Contact: Name, Telephone Number (506)		
Current Fee: \$X	New Annual Revenue Estimate:	\$AA,AAA
Proposed Fee: \$Y		
Effective Date: Month, Day, Year	Change in Annual Revenue:	\$B,BBB
Comments:		

Readers should note that “New Annual Revenue Estimate” presents the total expected revenue from the fee at the proposed or increased rate for the upcoming fiscal year. “Change in Annual Revenue” indicates how much additional annual revenue is expected per fiscal year from the new fee rate, as opposed to the prior rate.

While the Minister of Finance and Treasury Board is responsible to file this document each January with the Clerk of the Legislative Assembly, information about particular fees should always be obtained from the specific departments and contacts listed in the description of each fee.

This document, and future editions, will be posted in the Publications section of the Finance and Treasury Board department’s website at <http://www2.gnb.ca/content/gnb/en/departments/finance/publications.html>

General information about fees charged by all government departments is available on the government’s web-based Directory of Services. This directory is located at <http://www2.gnb.ca/content/gnb/en/services.html> (Key word: fees)

Service New Brunswick	Assurance fee
Contact: Charles Boulay, (506) 447-2584 Current Fee: \$3.00 per parcel Proposed Fee: \$1.00 per parcel Effective Date: April 1, 2025	<i>Land Titles Act</i> Regulation 83-130 New Annual Fund Contribution: \$100,000 Decrease in Annual Fund Contribution: (\$200,000)
<p>Comments: Traditionally, property in New Brunswick has been registered under the <i>Registry Act</i> but this registry does not provide a guarantee of land ownership. In 2000, Service New Brunswick introduced a guaranteed land title registry which provides a guarantee of land ownership. Currently, this service charges \$82 for registration plus \$3 for the Assurance fee for a total of \$85 per parcel.</p> <p>The Assurance fund (\$3 fee) is used to pay any land title claims against the province. Since 2000, the Assurance fund has grown to \$7.29 million as of March 31, 2024, and only \$212,145 has been paid out in settlements. As such, the Assurance fee will be reduced from \$3 to \$1 per parcel.</p>

Comments: THC is proposing to align the entry fee to that of other parks by moving to a vehicle entry fee. A vehicle entry fee is easier to administer and encourages more people per car. Following the implementation of the fee per vehicle in 2025-26, it is proposed to increase the fee by 8% in 2026-27 and a further 5% in 2027-28, 2028-29 and 2029-30.

**New Brunswick residents will receive a 25% reduction on the fees as per campaign commitment.*
